SPECIAL FEATURES

Eco Friendly Materials
3D PS WALLS are Eco friendly material,made of the same material as yogurt pot.3D PS WALLS ensure safe interior space with no sick house syndrome.

Charcoal Powder
3D PS WALLS are much safer material for children, since atopy occurrence rate caused from harmful chemicals is very low by adding charcoal powder on the product itself.

Complete Wall System
3D PS WALLS are complete wall system that includes a wide range of coordinating mouldings designed to cover the expansion space at the walls and transitions to other walls.
Shiplap System
3D PS WALLS are easy to install with a simplistic shiplap system with rabbet joint,which is easier than tongue and groove interlocking system.

Unique Designs
Our range of 3D PS WALLS can be purchased in a wide selection of designs spanning marble, stone, woodgrain effects and plain colors that provide a stunning solution for any style of room.

Installation Tools

3D PS WALLS

Standard Size(mm)
122 (W)x 12 (T) X 2900 (L)

Coordinating Mouldings

Circular saw

Tape measure

Wood glue

Glue gun

Air-tacker
Jigsaw

Exclusive glue

Installation Steps

1 Prep-work with plaster board or plywood is recommended before the construction.Please remove wallpapers on the walls before the construction.
2 Apply a quality adhesive on the back of the 3D PS WALL. Apply small amount of hotmelt(glue-gun) on the back of 3D PS WALLS or use air-tacker for instant adhesion.
3 3D PS WALLS can be installed in both horizontal and vertical direction. Apply air-tacker on the edge of the tongue to hide the pin-marks.

4 Jigsaw or circular saw can be used for cutting.

5 For corner, combine the two grooves.

90°

6 Coordinating mouldings can be used for clean and nice finish.
